

# "WHERE TO FROM HERE?"

SOUTH AFRICAN COCHLEAR IMPLANT GROUP  
SUID - AFRIKAANSE KOGLEERE INPLANTINGSGROEP

27 AUGUST 2022 @ 15H30 HYBRID SACIG CONFERENCE

## INVITED INTERNATIONAL SPEAKER

**Professor Dr. Levent Sennaroğlu**  
**Hacettepe University**

Prof Sennaroglu is Professor of ORL and an academic researcher at Hacettepe University, Ankara, Turkiye.

He has contributed to 191 research works, in particular on cochlear implantation, the cochlear nerve, sensorineural hearing loss, and auditory brainstem implant. His seminal articles on a new classification for congenital malformations of the ear, and the surgical management of these conditions, have earned him an international reputation.

His past experience includes work as a research scholar at the House Ear Institute (Los Angeles California) in the USA in 1997.

Prof Sennaroglu's interest in otology is not limited to cochlear implantation - but ear diseases in in general and particularly in the surgical treatment of hearing loss.

He is an excellent speaker and teacher, and has been invited to speak in South Africa on previous occasions.

We are delighted that he accepted speaking to us at our SACIG meeting 2022!
